

ASK

Resource Center

ASK Resource Center is a family-focused non-partisan, nonprofit organization whose mission is to empower the families of and people with disabilities. We provide support for individualized advocacy needs, training on advocacy, informational resources, mentoring, and leadership development for Iowa families of children with disabilities or special health care needs, ages birth-26. We provide the same for the professionals who support them. Our programs are funded by federal and state grants, and private donations.
